

## PATA Days 2018 Summer School - June 28, 2018

### Presentation schedule

Time	Instructor	Topic
08:00-09:00	Klaus Reicherter (Germany)	Tsunamis in the geological record
09:00-10:00	Thomas Rockwell (USA)	Active strike-slip fault systems
10:00-11:00	James McCalpin (USA)	Use of paleoseismology in seismic hazard assessment
11:00-11:15	Break	
11:15-12:45	Shmuel Marco (Israel)	1. Archeoseismology 2. Seismites and off-fault paleoseismology
12:45-14:15	Manuel Sintubin (Belgium)	Seismic risk communication
14:15-15:15	Lunch Break	
15:15-16:15	Ioannis Papanikolaou (Greece)	Seismic landscape, extraction of slip-rates and fault specific seismic hazard assessment
16:15-16:45	Spyros Pavlides (Greece)	Active faulting in multi-fractured seismogenic areas
16:45-17:45	George Syrides (Greece)	Sea level change indicators: basic principles and examples
17:45-18:00	Discussion - Conclusions
